PTTSA20

PTT Portable Radio

The PTTSA20 is a well constructed License-Free Handheld PTT Radio that operates on a platform offering National Coverage throughout South Africa, Unlimited Talk-Time, GPS tracking, and Voice Recording.

The PTTSA20N version of this model also boasts a NFC/Bluetooth feature, which is essential in setting up Patrol & Guarding Systems.

Category: POC / PTT | Tags: handheld, License Free, POC, portable radio, PTT, PTTSA, Push-To-Talk Over Cellular, Rental.

Description

Product Description

FEATURES

Global PTT Service:

Users can use PTT service globally via public operator's existing mature 2G/3G network.

3G / GSM (GPRS) / WIFI Transmission:

It provides flexible ways of using PTT service under various radio environments, if WiFi is on, WiFi will be the first choice for transmission; if WiFi is off, then 3G comes first.

NFC (optional) / Bluetooth:

NFC and Bluetooth function modules bring more possibilities for extended use, like guard patrol options.

GPS

Remote Programming over the Air via Public Radio Network Enables Lower Customer Maintenance Cost:

Users can modify the setting for the two-way radio through web-based management platform or App in smart phone, then the modified parameters will be sent to radio via 2G/3G network automatically.

Remain User Operation Habits of Critical Communication:

With supporting basic functions of professional two-way radio, like voice services (all call / group call / private call alert call etc); Text message; Tone alert (incoming call / outgoing call / text message / talk permit / low battery / emergency panic) etc.

Advanced Signalling Service

Kill / stun / revive, radio monitor, ambience listening and roaming, to enable flexible management

iTALKPTT software-Includes monitoring / recording and a unique guard patrolling system

IP65 Protection Design (Splash Proof)

Accessories

- Charging Adaptor
- Battery
- Antenna
- Belt Clip
